## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on July 02, 2003 and November 07, 2003 are considered by the examiner.

### ***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gibb on July 07, 2004.

The Examiner called Mr. Gibb because of the informality in claim 10.

The application has been amended as follows: in claim 10, line 1, "2" has been changed to -- 9 --.

### ***Reasons For Allowance***

3. The following is an examiner's statement of reasons for allowance:

Claims 1-7 and 15-20 recite, inter alia, an integrated circuit chip test apparatus comprising a tester connected to said intermediate banking box, wherein said tester includes at least one bank of channels, wherein there are more of said pins on said integrated circuit chip than there are said channels in said tester, wherein said intermediate banking box includes switches connected between said contact pads and said channels, and wherein said switches are adapted to selectively connect a subset of

said contact pads to said channels to connect said tester to a subset of said pins, thereby allowing said tester to test a portion of said integrated circuit that corresponds to said subset of pins.

Claims 8-14 recite, inter alia, an integrated circuit chip test apparatus comprising a tester connected to said module test fixture, wherein said tester includes at least one bank of channels, wherein there are more of said pins on said integrated circuit chip than there are said channels in said tester, wherein said tester also includes switches connected between said contact pads and said channels, and wherein said switches are adapted to selectively connect a subset of said contact pads to said channels to connect said tester to a subset of said pins, thereby allowing said tester to test a portion of said integrated circuit that corresponds to said subset of pins.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
